SENATOR DICKINSON: Senator Marvel, on page 7, line 16 land acquisition for State Game and Parks Commission. Do you know where this is and what it's about?

SENATOR MARVEL: Just a moment I'll look it up. Let me read you from the backup information that we have. This is land acquisition, funds for wet land acquisition, important outdoor sportsman, the authorization for expenditures of the game cash fund is recommended.

SENATOR DICKINSON: That doesn't tell me very much.

SENATOR MARVEL: That's all there is.

SENATOR DICKINSON: That's all you know?

SENATOR MARVEL: Yes sir.

SENATOR DICKINSON: In other words you don't know where they're going to buy land either.

SENATOR MARVEL: Just any wet lands that become available by a willing seller.

SENATOR DICKINSON: That's a lot more specific. There's no question about that, it's by willing seller?

SENATOR MARVEL: Yes sir.

SENATOR DICKINSON: Alright. OK, now on page 13, line 16. It starts "The Legislature hereby acknowledges and reaffirms the appropriations made by the 83rd Legislature Second Session, contained in LB 1055, Section 16". Just exactly is the intention of the Appropriations Committee in this area?

SENATOR MARVEL: Just a second. I'll get the bill.

SENATOR DICKINSON: Thank you.

SENATOR MARVEL: Section 2 has to do with the Department of Education, that has to do with the handicapped resource center.

SENATOR DICKINSON: Section 16.

SENATOR MARVEL: You want just Section 16?

SENATOR DICKINSON: Well specifically.

SENATOR MARVEL: OK, Section 16, under 1055, is Papic Creek, 207,375 in fiscal year '76. Fiscal year '77 269,475.

SENATOR DICKINSON: What happens to this money . . . the money wasn't spent in fiscal year . . . I don't believe will be spent on the balance of this fiscal year '75.
